

Freedom Convoy 2022

Fuel Seizure Plan

Situation: The Freedom Convoy 2022 arrived in Ottawa on 28th of January 2022 with participants driving their trucks from all points across the country. The main demonstration was scheduled for the 29th and 30th of January and several truck operators returned home however there remains a large contingent of operators congesting many streets in the downtown core. These truckers vow to remain in place until Covid mandates are lifted across the entire country.

As part of the ongoing response to this event, OPS has begun seizure of fuel which is resupplying the convoy.

See attached sheet for Arrest and Seizure flowchart

Area of operation: Areas in and around the event and any locations related to the procurement of the fuel being used for resupply

Operational period: ECT will provide 24 hours coverage, split into 2 shifts that are staggered to provide continual coverage. The shifts are as follows:

- Truck one: 0600 – 1800, and 1800 to 0600
- Truck two: 0800 to 2000, and 2000 and 0800

Each truck will comprise of two personnel, with at least one being a sworn member (2 sworn members, 1 sworn, 1 Sp/Cst)

OPS Staffing Responsibility: The following Police assets will be deployed under this plan:

PLT - Responsible for maintaining open and continuing communication between the event organizers, community, municipal, provincial and federal partners and police. They are to be the identified point of contact for the organizers in identifying any specific concerns related to the conduct and issues related to the event.

EGT (evidence gathering team) - Responsible for monitoring and recording the event, including seized items. IF no EGT available officers will need to make good observations and document and describe the container(s) and also describe the smell

ECT (evidence continuity and transport) – Responsible for transporting the seized items to a designated facility. ECT will remain on the periphery of the event and will attend a location to transport seized fuel

Regular Uniform Support team – Primary made up of QRT teams, these officers will make the request for ECT once fuel has been seized and will coordinate a pickup location

CBRNe – Available to respond to questions/concerns regarding seized fuel containers

Other Police Supports:

Media Section will be made aware of the principles of the plan and will monitor social feeds. Media will respond to media enquires and focus on dispelling misinformation by providing factual information in real time.

PLT will continually be updated with respect to this plan, its execution and any changes thereof. This will allow PLT to assess the information and de-escalate issues if possible, while balancing Operational Security.
